Meet Zakk Moreno!

Zakk is a 2012 Gradway graduate. After graduation, Zakk served 3 years in the United States Marine Corps before being medically retired in 2016. He now teaches at a local Taekwondo school.

Zakk is also a talented musician! He writes his own music, sings, and plays guitar, piano and drums. He is excited to begin recording his first album this year.

## Zakk's Thoughts

"Mr. Henn [Grad Coach] knew how to work with students, regardless of their different needs. He saw my potential and he worked with it. Gradway felt like accountability. At no point did I feel like I was dumb and that's why I was in the program. I needed the extra attention to stay on track and actually do the work. Gradway was one of the few things that gave me the skills I needed to be successful after high school."

## Board of Directors 2015-2016

NOTE: Even though this report is dated for the 2015-2016 school year, this is a current annual report. Each year, Indiana releases its graduation data in the month of January following graduation. Therefore, in order to ensure we give you the most accurate data, we release our annual report just shortly after the state releases the data to us.
